Dear Friends,

I cannot believe it is already Summer 2014. Time flies when you are having fun! It is hard to believe that I attended kindergarten roundup.

Yes, the twins are officially registered for KINDERGARTEN! We are so excited to meet their teachers and get started on a GREAT school year.

Before school begins we will be busy as flower girls at Cheryl's daughter, Jordan's wedding. Next we will be relaxing at our yearly river float and camping extravaganza, and then off on a sight seeing cruise to Alaska with my wonderful family. I have heard the sights are unbelievable there and the girls cannot wait to see bears, whales, moose, and eagles. Stay tuned for some incredible pictures.

Stonebriar Smile Design successfully launched our Wellness Program in January. The public as well as many local physicians value the concept of "Optimizing Total Health Through Dentistry." I recently returned from London, where this over-all health and well being movement is being embraced from our lectures. The world impact we can make by reducing periodontal disease is huge. Most people do not realize it is the #1 world wide disease. Our goal has always been to provide our patients with 5 star service with the latest up-to-date technology and science. We have also strived to do this in a fashion where your experience is one of a warm, caring environment and in a timely fashion. Committed to this consistency of care, I invited Dr. Kristi Moody to join our practice. We are fortunate to have such an incredible colleague to approach Team Dentistry at Stonebriar Smile Design.

Dr. Wade

Optimize Your Total Health Through Dentistry

After more than 100 hours of continuing education learning the science, building the business model to infuse into the practice, and educating the team to be the best wellness providers - we have a comprehensive approach to offer our patients and other healthcare professionals. Dr. Wade and her entire team are passionate to be your healthcare ad-vocates. We are truly your "oral physicians", taking dentistry to a whole new level!

Call today for your Comprehensive Dental Wellness Appointment and take charge of your health!

Welcome Dr. Moody!

Dr. Kristi Moody joined the practice in 2014, and we are fortunate to have an incredible colleague to approach Team Dentistry at Stonebriar Smile Design. She and her clinical assistant, Mona, have been providing patients with 5 star service and comprehensive dentistry for over 20 years.

Dr. Wade believes that Dr. Moody and Mona are vital assets to the practice. The knowledge and skill level they bring to the office is congruent with Dr. Wade's level of dentistry. The doctors trained together in their post doctoral AEGD program at Baylor College of Dentistry and both pride themselves on developing relationships with their patients in order to create happy and healthy smiles.

Next time you are in the office we look forward to introducing you. You will experience their warm and welcoming spirit that compliments Stonebriar Smile Design so well!

Discover the Confidence

that comes from enhancing your smile

Straightening your teeth is a big decision that affects not only your appearance, but your lifestyle as well. As an adult, you may be looking to improve your smile for business and social reasons, or even for a special occasion like your wedding day. Or perhaps you're a teen or the parent of a teen looking for an effective yet modern-day solution.

Health Benefits of Straight Teeth

You may be surprised to know that the benefits of having properly aligned teeth extend far beyond a confident smile. According to the American Dental Association, straightening your teeth can actually significantly affect your overall dental health. Think about it - a smile can hardly be perfect if it's not a healthy one. Fortunately, with Invisalign, having a confident smile and reducing your risk for tooth decay and gum disease go hand in hand.

Summer Incentive Friday, June 20th and August 1st

Schedule your Invisalign on one of the dates above and receive up to

***\$750 off**

*\$750 off Invisalign Comprehensive
\$500 off Invisalign Express 10 | \$300 off Invisalign Express 5
