SUMMER 2018

SimplifiHealth™ Podcast is Launching Soon!

Simplify your health with **Dr. Jill Wade** and co-host **Aurelia Byrne, RDH** as they encourage you to be your own personal healthcare advocate. With each episode you will be given alternative healthcare advice to debunk the traditional medical standard of care. You will be given the information and tools to help you think outside of the box connecting dental, medical and genetics in order to create your own healthy blue print and achieve truly life-changing results. Our goal is to open your mind and inspire a journey to take your health and your family's health into your own hands.

Smile
with confidence
this summer!

Ask us about
Invisalign® clear aligners!

ACTUAL PATIENT

The Invisalign® & iTero® integration is one extremely powerful digital solution that allows for accuracy, speed and patient comfort.

Our iTero® scanner can create a simulated version of your new smile within minutes.

Straight teeth are healthier teeth.

Misaligned teeth can lead to premature wear, tooth loss, gum disease, and the buildup of bacteria associated with bigger problems, including heart disease. Your smile deserves the very best. When your teeth are properly aligned, the health benefits are clear.

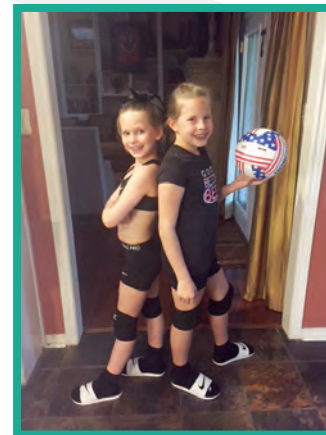

Contact us 972.377.7800 for
your complimentary consultation!

ACTUAL PATIENT

Dear Friends,

Batter up! It's time to get serious about taking care of yourself. No better time than right now. Start small or go BIG. The key is to just get started! Speaking about getting started... I recently signed up the twins for volleyball. If you have to choose, why not choose a sport that is played indoors so you don't have to fight the wind, rain, and sun. We were all happy with the choice. It was amazing to watch how the girls progressed and got stronger in such a short period of time.

Speaking of getting started... I am honored to recently join the board of the Dallas County Dental Society. My dear friend from dental school, Dr. Jodi Danna, is now the President of DCDS. We are so proud to be a part of such a prestigious society.

Speaking of getting started... since our last newsletter, SSD welcomes Becky and Andi! Two amazing additions to our wellness team. Sadly, it is time to say goodbye to Tammie as she moves to Florida. Her son, Randy graduated from Highland Park High School and is headed to college at University of Washington. We wish them all the very best and will miss Tammie's smiling face.

Speaking of getting started... if you have ever thought about straightening your teeth, NOW is the time! Invisalign® is a great invisible way to create the younger, youthful smile. Who doesn't want to turn back the clock?

Speaking of getting started... our podcast, SymplifiHealth™, is launching very soon! We will continue to discuss the direct correlation between medicine and dentistry and the underlying root causes of disease. I would love any suggestions on topics you would like to see us address. Share it with friends, family and coworkers. Together, we can feel happier and healthier!

While watching the Royal Wedding, I was reminded that our own happiness is rooted in LOVE. Love for ourselves and those most important around us. I love taking care of you and sharing with you all the knowledge I gratefully have learned.

~ Dr. Wade

Welcome Becky and Andi!

BECKY was raised in Southwest Oklahoma and now calls Texas home. She has a passion for people and education and has 21 years of experience in the dental industry in various roles from training, consulting and management. Becky also enjoys spending time volunteering and loving on her 26 nieces and nephews.

ANDI is a native Texan and grew up in Denton. Her career began in the medical field and now has over 6 years of experience in dentistry. Getting to know the patients and their stories is what she loves most. Andi also enjoys spending time with her 2 daughters, choir concerts, going to the gym, movies and traveling.

We absolutely LOVE our patients and community! Stonebriar Smile Design is proud to support many causes and organizations that are dear to the hearts of our patient family! Follow us on social media and share your stories with us.

@stonebriarsmiledesign

The highest compliment we can receive from our patients is the referral of family and friends!

Our unique, comprehensive approach to dental care ensures that your smile is not only healthy and beautiful, but that your overall health is protected as well.
